The sole agenda item was a review of the evaluations of the just completed spring retreat held at Wafloy Retreat Center in Gatlinburg, Tennessee and to determine whether to reserve space at Wafloy for a retreat in the spring of 2019. The evaluations indicated that the retreat was a resounding success. It was particularly noted that many of the facility problems of the previous year had been satisfactorily rectified. After a thoughtful discussion, it was the group conscious to authorize Lee to reserve the weekend of April 12-14, 2019 at Wafloy Retreat Center. The decision was made to not reserve the weekend of April 19-21, 2019 because that is Easter Sunday. Lee was also directed to discuss with the retreat management whether there was the possibility of any early May weekends available as a potential alternative date.

Sarah G. volunteered to explore other venues other than Wafloy Retreat Center for future retreats held after the spring 2019 retreat.

The meeting adjourned with wishes for safe travel home to the attendees.
